PAPERMODELS***BOEING 737 MAX 8******Arajet Airlines Boeing 737 MAX 8***

081

Arajet S.A. is an ultra low-cost startup airline based in Santo Domingo, Dominican Republic. Operations began on the 15th of September, 2022, with a flight to Barranquilla, Colombia.

In late 2014, Dominican Wings received its air operator's certificate from the Dominican Republic's civil aviation authority and planned to offer charter flights between the Dominican Republic to Mexico, Trinidad and Tobago and Argentina for and on behalf of tour operators. Its first aircraft, an Airbus A320-200, was delivered on May 3, 2015.

On June 28, 2017, Avion Express announced that it has sold its 65% stake in Dominican Wings to the President of the company, Mr. Victor Pacheco who took complete control of the airline.

The Boeing 737 MAX is the fourth generation of the Boeing 737, a narrow-body airliner manufactured by Boeing Commercial Airplanes (BCA), a division of American company Boeing. It succeeds the Boeing 737 Next Generation (NG) and competes with the Airbus A320neo family. The 737 MAX is based on earlier 737 designs, with more efficient CFM International LEAP-1B engines, aerodynamic changes, including its distinctive split-tip winglets, and airframe modifications. The new series was announced on August 30, 2011. It took its maiden flight on January 29, 2016 and was certified by the U.S. Federal Aviation Administration (FAA) in March 2017. The first delivery was a MAX 8 in May 2017 to Malindo Air, with whom it commenced service on May 22, 2017.

Scale: 1:100
Length: (395mm)
Width: (358mm)
Parts: 300 (12 pages)

Attach the parts in order.
A1 - I6
You can choose to make either a groud style (With Wheels)
or an in-flight style (without wheels) aircraft.

- *This model is designed for papercraft and is different in several ways from the real plane
- *Build the model by carefully reading the Assembly Instructions.
- *The final size of the model may vary slightly depending on the configuration of your printer
