## ***BOEING 737 MAX 8***

### ***Neos Airlines Boeing 737 MAX 8***

098

Neos (registered as Neos S.p.A.) is an Italian airline, headquartered in Somma Lombardo, Lombardy. It is a subsidiary of Alpitour S.p.A. It operates a fleet of Boeing 737 Next Generation, 737 MAX and Boeing 787 aircraft to over 73 scheduled domestic, European and intercontinental destinations. The airline operates from its main hub at Milan Malpensa Airport.

Neos was established on 22 June 2001, as a joint venture between two tourism companies, the Italian Alpitour S.p.A. and the German TUI Group. Revenue flights were launched on 8 March 2002. In January 2004, Alpitour bought all of TUI Group's shares, making Neos a fully owned subsidiary of Alpitour no longer affiliated with TUI. For many years Neos has been working with Costa Cruises to transport passengers from Italy to Dubai, the Caribbean, and northern Europe at Costa's ships' departure and arrival points.

The Boeing 737 MAX is the fourth generation of the Boeing 737, a narrow-body airliner manufactured by Boeing Commercial Airplanes (BCA), a division of American company Boeing. It succeeds the Boeing 737 Next Generation (NG) and competes with the Airbus A320neo family. The 737 MAX is based on earlier 737 designs, with more efficient CFM International LEAP-1B engines, aerodynamic changes, including its distinctive split-tip winglets, and airframe modifications. The new series was announced on August 30, 2011. It took its maiden flight on January 29, 2016 and was certified by the U.S. Federal Aviation Administration (FAA) in March 2017. The first delivery was a MAX 8 in May 2017 to Malindo Air, with whom it commenced service on May 22, 2017.

Scale: 1:100  
Length: (395mm)  
Width: (358mm)  
Parts: 300 (12 pages)

Attach the parts in order.  
A1 - I6  
You can choose to make either a ground style (With Wheels)  
or an in-flight style (without wheels) aircraft.

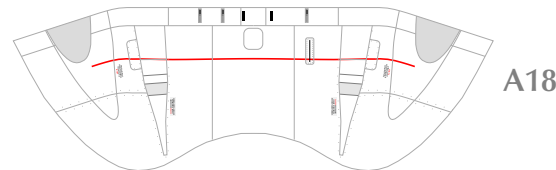

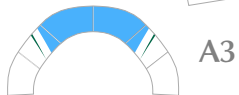

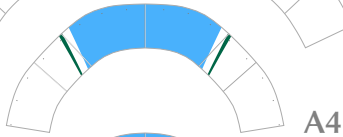

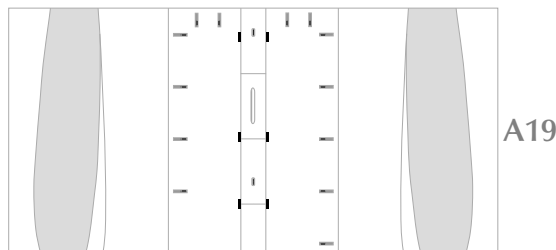

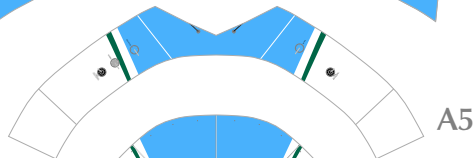

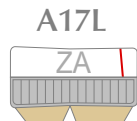

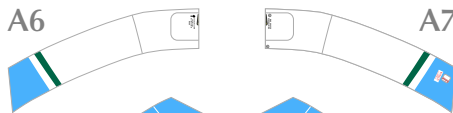

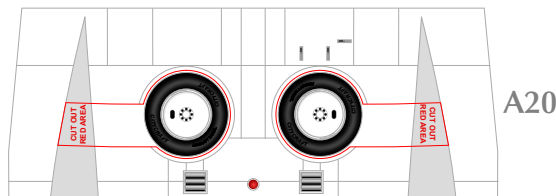

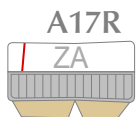

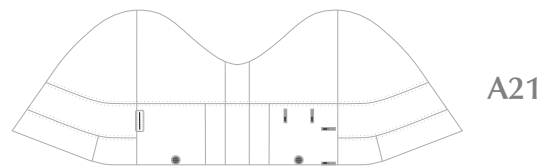

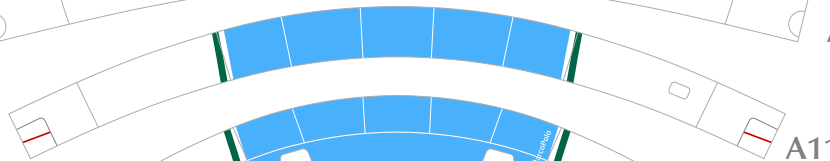

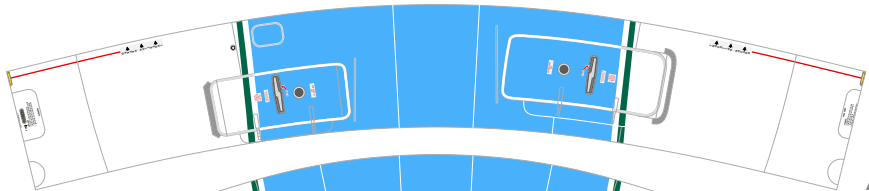

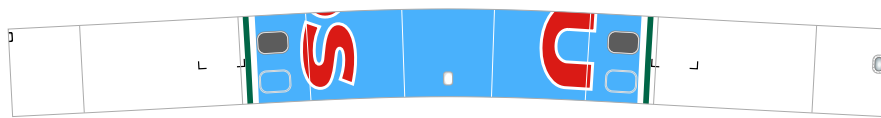

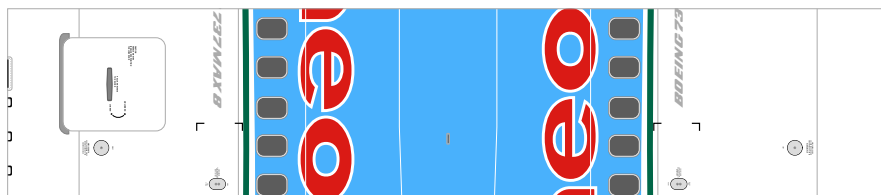

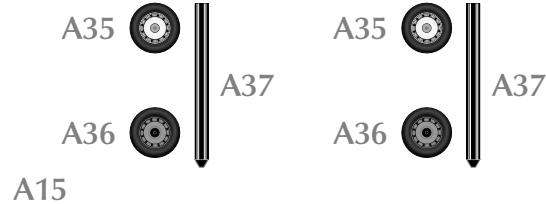

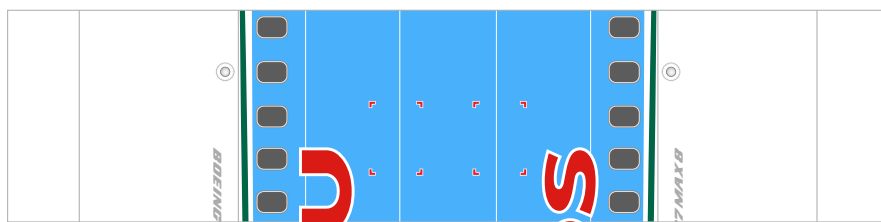

- \*This model is designed for papercraft and is different in several ways from the real plane
- \*Build the model by carefully reading the Assembly Instructions.
- \*The final size of the model may vary slightly depending on the configuration of your printer
