LOT POLISH AIRLINES

BOEING 737 MAX 8

LOT (Polish Airlines) Boeing 737 MAX 8   079

LOT Polish Airlines, legally incorporated as Polskie Linie Lotnicze LOT S.A. (Polish pronunciation: [lɔt], flight), is the flag carrier of Poland. Established in 1928, LOT was a founding member of IATA and remains one of the world's oldest airlines in operation. With a fleet of 75 aircraft as of 2021, LOT Polish Airlines is the 18th largest operator in Europe with over 120 destinations across Europe, Asia and North America.

The airline was founded on 29 December 1928 by the Polish government during the Second Polish Republic as a self-governing limited liability corporation, taking over existing domestic airlines Aerolot (founded in 1922) and Aero (founded in 1925), and began operations on 1 January 1929. The first aircraft used by LOT were Junkers F.13 and Fokker F.VII with the inaugural international service to Vienna, Austria, beginning on 2 August 1929

The Boeing 737 MAX is the fourth generation of the Boeing 737, a narrow-body airliner manufactured by Boeing Commercial Airplanes (BCA), a division of American company Boeing. It succeeds the Boeing 737 Next Generation (NG) and competes with the Airbus A320neo family. The 737 MAX is based on earlier 737 designs, with more efficient CFM International LEAP-1B engines, aerodynamic changes, including its distinctive split-tip winglets, and airframe modifications. The new series was announced on August 30, 2011. It took its maiden flight on January 29, 2016 and was certified by the U.S. Federal Aviation Administration (FAA) in March 2017. The first delivery was a MAX 8 in May 2017 to Malindo Air, with whom it commenced service on May 22, 2017.

Scale: 1:100
Length: (395mm)
Width: (358mm)
Parts: 300 (12 pages)

Attach the parts in order.
A1 - I6
You can choose to make either a grouded style (With Wheels) or an in-flight style (without wheels) aircraft.

*This model is designed for papercraft and is different in several ways from the real plane
*Build the model by carefully reading the Assembly Instructions.
*The final size of the model may vary slightly depending on the configuration of your printer
